AMENDMENT ACCOMPANYING APPLICATION

Honorable Commissioner for Patents
United States Patent and Trademark Office
Washington DC 20231

Dear Sir:

The present application is the national filing of International Application No. PCT/EP99/04085. Before calculation of the filing fee for the United States, it is requested that the application be amended as follows:

In the claims:

Cancel claims 1-12 without prejudice, and substitute claims 13-32 as follows:

A¹ 5.11 82 13. A vacuum tight coupling for end portions of two tubular sections, the size of the inner space of a first end portion being smaller than that of a second end portion, the second end portion having a flange extremity axially slidable over the first end portion to abut the flange extremity against a peripheral outer abutment ring on said first end portion, the coupling comprising at least one sealing ring between said end portions in their
